

Technical Data Sheet

CONTOUR / HALCYON SOLID SURFACE WORKTOP

What's in the box: 1x CNWT5S.x / CNWT6S.x

R2

Unit	D1	D2
500	510mm	383mm
600	600mm	453mm

Diagrams not to scale
All dimensions in mm
Tolerance of +/-2mm

Materials

Worktop: Solid Surface

**Dimensions are subject to change, customers are advised to measure actual product before commencing installation.

***Fixing point dimensions are for guidance only/the positions of wall fixing must be checked when product is received.

Solid Surface Information

Has many names including:

- Corian
- LG Hi-macs

A homogenous compound mixture of polyester and aluminium trihydrate (derived from a natural Bauxite ore). The same material all the way through, so can be cut and sanded back to perfect finishes. Aluminium trihydrate is moulded, vacuum treated and then finished by hand to create a perfectly smooth matt finish with a high-dimensional accuracy. Can be sanded and refinished should any stains occur due to misuse. Can be patch repaired by simple sanding back since material is homogenous.

Material Benefits:

- Point impacts (255g ball dropped from 610mm)
- Stain resistant
- Colourfast
- Temperature resistance

FAQs

Q: Are the worktops pre-cut for tap and waste hole?

A: No, they are plain and should be cut according to basin / tap selected. Instruction supplied with worktops to detail

Q: Are the worktops reversible?

A: No, the top (main finish) is polished. Underside is unfinished.

Q: Can I use these worktops on other ranges?

A: They are designed to be perfect fit to R2 range but it is possible to cut down and repolish edges if required.
