FAQs

Is the frame supplied with a flush plate? - No, but a range of push plates are available separately.

Can a flush plate be mounted on top? - Yes, the flush plate can be mounted on the front or top of the cistern.

Can the waste pipe be routed out to the side of the frame? - Yes, with a minimum distance of 170mm from wall to the front of the frame.

What standard has the frame been tested to?

All wall hung WC frames are tested against BS EN 997 - static loading of 400kg and dynamic loading of 200kg for 50,000 cycles - simulating 15 years of usage.
