FAQs

Q - Which taps are the tap shrouds compatible with?

A - The nut provided has a 3/4" BSP internal thread so is compatible with all deck mounted bath fillers and bath shower mixers. This nut replaces the standard brass fixing nut provided with the taps.

Q - Are floor fixings provided?

A - Yes all floor fixings required are provided

Q - How are the taps connected to the water feed?

A - Flexible hoses or brass pipework (not provided) should be used within the tap shrouds to connect the taps to the hot and cold water feeds.

Q - How is the length adjusted?

A - The smaller bottom pipe slides within the larger top pipe to adjust the length as required. No cutting is required.

All of our bath tubs conform with BS EN 14156 Class 1 & Class 2
